IN MEMORY OF

the Charles Retz family killed in an accident August 1965

God hath not promised skies always blue, flower strewn pathways all our lives through;
God hath not promised sun without rain, joy without sorrow, peace without pain.
But God hath promised strength for the day, rest for the labor, light for the way;
Grace for the trials, help from above, unfailing sympathy, undying love.

Mrs. Merlyn Jean Retz, a graduate of Muncie Central High School, was the first girl to be awarded the school's Science and Mathematics Achievement Award. She attended Ball State Teachers College from which she was graduated with a Bachelor of Science degree in mathematics. Mrs. Retz first came to DeSoto in 1963-64 where she taught Algebra, Geometry, Trigonometry and seventh grade Arithmetic. She later earned her Master's degree at Ball State.

Mr. Retz was also a graduate of Ball State Teachers College and earned his Master's degree at Washington University in St. Louis, Missouri. After teaching one year at Muncie Central, Mr. Retz taught mathematics at Muncie Southside for three years.

Michael Wayne Retz, only son of Mr. and Mrs. Retz, was a first grade student at the DeSoto Elementary School during the 1964-65 school year. Michael, with his quiet manner, but bright and smiling face, will also be missed here at DeSoto.

Mr. and Mrs. Retz will be missed not only by their loved ones, but by the students they taught, by the teaching profession to which they were devoted and by the countless friends they made along the way.

We, the Seniors of 1966, wish to express our deepest condolences to the loved ones of the Charles W. Retz family.

Yea, though I walk through the valley of the shadow of death, I will fear no evil, for
Thou art with me; thy rod and thy staff They comfort me.

We're certain everyone is aware that the presidency of the senior class is a difficult and demanding position. It requires a person who is a capable and responsible leader--one who will strive in every manner to promote the interests of his class. We, the seniors of nineteen hundred and sixty-six have been fortunate enough to have elected such an individual as our president. Realizing the extent of his efforts, we wish to express our sincere thanks and appreciation to Henry Bantz for his service.

DEDICATION

We, the graduation class of nineteen hundred and sixty-six, wish to dedicate this edition of the DeSoto Yearbook to our parents.

We realize that thus far they have been the major factors in molding our personalities, influencing our behavior, and affecting our lives in general. Through their guidance and assistance we have progressed from the first early stages of our education to the completion of high school.

Rightfully, we feel indebted for the sacrifices our parents have made and through this dedication attempt to express some portion of our sincere appreciation.

CLASS PROPHECY

Mr. Howard Liggett, Ph. D.
Dean of Men
Yale University
New Haven, Connecticut

Dear Mr. Liggett:

My goodness! How time does fly. It doesn't seem like I graduated ten years ago. I am a Certified Public Accountant at General Motors, Inc. and since I had a two month vacation coming I decided to visit my former classmates.

My first stop was only a few blocks from my apartment in New York. There, I visited STAN WYRICK, who is a secret agent for Uncle Sam. He is surrounded by cars, money, and girls.

My next journey took me to Maine where I found the former SANDY DEVANEY who is now married to a fine doctor and who has three boys and two girls. Sandy also has a prosperous business as a beautician.

Traveling back to Indiana, I visited a school where PAT PIERCE is a school teacher and still single.

Directions then took me to DAN DOBBLES where I discovered that he is a foreman in a factory and happily married with a fine family.

Arriving in Detroit, I visited NANCY (HUFFMAN) and her husband at their flower shop. Nancy is the mother of two girls.

Flying from Detroit to Beverly Hills, I called on STEVE HIMES finding him married and a proud movie producer.

From Steve's I went to Los Angeles where BILL and BECKY (BAXLA) MAPLE live. Becky designed their new contemporary home and Bill is a Major in the Marines. They have one daughter.

My next stop was to see DAN SWARTZ. He is a mechanical engineer with a movie star wife and two boys.

I went by train to Washington State where JANICE (FUQUA) is married to a wealthy business man. She has one daughter and is head beautician on the U. S. S. United States.

My trip then carried me on to New Mexico where MARY ELLEN NEEDLER is married to a lawyer and the mother of two children. She owns one of New Mexico's largest kennels.

Guess who lives in Texas? STACHIA WESTON and SHARON THURNAU. They are both married to well-to-do ranchers and Stachia is a registered nurse.

Visiting CAROL RUTLEDGE in Florida, I found her to be married and the mother of four rowdy children.

Going to Daytona Beach I visited the largest novelty shop in the country owned by JIM BROYLES. He is having lots of fun being a bachelor but intends to marry before he is sixty.

I visited MARGIE (ALRED) next and discovered that she had become a successful artist. She owns one home in Florida and one in Alaska. She, too, is married and has two children.

Before going home, I visited MARSENA (BROWN) and her husband in England. They are both drummers in a well-known band.

I am glad that I could share my trip with you and am sorry I was unable to visit LINDA FAGER, LEE DOBBLES, HENRY BANTZ, HOWARD MILLER, JAY PHILLIPS, HARRY FOWLER, and BETTY BEALL. I tried but they just couldn't be contacted.

Sincerely yours,

Jerry Smith
